## Reading

It is an extremely important part of the Literacy Curriculum to read books. Sharing books, including e-books, with your children is vital. Read to them and let them read to you. Talk about the books and ask them questions. Ask them about particular vocabulary and what words mean. Ask them about what they think characters are thinking and what they think may happen next. Make time for this in the structure you plan for the day. Oxford Reading Tree online has brilliant e-books. <https://www.oxfordowl.co.uk/for-home/find-a-book/library-page>
