

September 27th 2023

Dear parents and carers,

I'm very pleased to attach our latest Ofsted report to this email. The inspection was ungraded and it was not therefore possible for Ivel Valley to change it's grading from 'good' during this inspection.

However, the inspectors were able to comment on what grading the school is likely to be if the school had received a graded inspection. I'm delighted to inform you that the inspectors concluded that our school is likely to be *outstanding* and will therefore return to complete a graded inspection in the next 12 to 24 months.

As ever, we're extremely proud of the relationships that staff establish with your children, but most of all, we're proud of your wonderful children and everything that they achieve!

This is the best outcome that the school could achieve from the inspection and something that is a recognition of the efforts of the entire school and college community including all of you as parents and carers.

Thank you for your ongoing support and for working with us so effectively.

Yours faithfully

Joe Creswick
